ST BEES SCHOOL

WHERE WEST MEETS EAST

POLICY STATEMENT

This policy applies to St Bees School ("the School"). This policy is reviewed and updated annually (as a minimum) and is available on the School website and on request from the Headmaster or Assistant Head.

This policy has regard to the following guidance and advice:

- Keeping Children Safe In Education (September 2019) ('KCSIE')
 - Disqualification under the Childcare Act 2006 (August 2018)
 - What to do if you're worried a child is being abused: advice for practitioners (March 2015)
- Working Together to Safeguard Children (2018) ('WT')
 - Information sharing: advice for practitioners providing safeguarding services (July 2018)
- Revised Prevent Duty Guidance for England and Wales (July 2015)
 - The Prevent Duty: Departmental advice for schools and child care providers (June 2015)
 - The use of social media for on-line radicalisation (July 2015)

This policy also takes into account the procedures and practice of Cumbria County Council as part of the inter-agency safeguarding procedures set up by Cumbria County Council, Cumbria Constabulary, NHS North Cumbria Clinical Commissioning Group and NHS Morecambe Bay Clinical Commissioning Group.

CONCERNS ABOUT A CHILD

The School has a duty to consider at all times the best interests of the student and take action to enable all students to achieve the best outcomes. Safeguarding and promoting the welfare of children is everyone's responsibility.

Parents are encouraged to raise any concerns directly with the School, if necessary using this safeguarding policy for concerns about the safety and/or welfare of children.

The School has arrangements for listening to children and providing early help. All students have a tutor with whom they have regular contact in the week and one of their key duties is to foster open and supportive communication which would encourage children to raise concerns or issues.

The medical centre staff are available to all students to provide pastoral support.

The Houseparent is the principle point of contact for Boarders.

ST BEES SCHOOL

WHERE WEST MEETS EAST

The Headmaster is available to all students to hear any concerns that they feel unable to raise elsewhere.

DEFINITIONS OF SAFEGAURDNG AND TYPES AND SIGNS OF ABUSE

Safeguarding and promoting the welfare of children is defined as protecting children from maltreatment; preventing impairment of children's health or development; ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and taking action to enable all children to have the best outcomes.

Abuse is a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others (e.g. via the internet). Abuse can take place wholly online, or technology may be used to facilitate offline abuse. They may be abused by an adult or adults or by another child or children. Abuse can be:

- physical abuse
- emotional abuse
- sexual abuse; and/or
- neglect.

Staff are referred to Appendix 1 of this policy for further detail of the types of abuse and possible signs of abuse.

PROCEDURES FOR DEALING WITH CONCERNS ABOUT A CHILD

If staff suspect or hear an allegation or complaint of abuse or neglect from a child or any third party, they must follow the relevant procedure below. Staff should not assume that somebody else will take action and share information that might be critical in keeping children safe.

The guidance, Information Sharing: Advice for Practitioners Providing Safeguarding Services to Children, Young People, Parents and Carers supports staff who have to make decisions about sharing information. Fears regarding sharing information under the Data Protection Act 2018 and the GDPR should not be allowed to stand in the way of the need to promote the welfare, and protect the safety of children. If in doubt about what information can and should be shared, staff should speak to the Designated Safeguarding Lead ('DSL').

All staff should:

- listen carefully
- avoid asking leading questions
- reassure the individual that the allegation/complaint will be taken seriously
- not guarantee absolute confidentiality (as this may ultimately not be in the best interests of the child) and explain that the information needs to be passed to the appropriate person who will ensure that the correct action is taken.

ST BEES SCHOOL

WHERE WEST MEETS EAST

All concerns, discussions and decisions (together with reasons) made under these procedures should be recorded in writing as soon as possible and submitted to the Designated Safeguarding Lead within 24 hours. The record should include the date, time and place of the conversation and detail of what was said and done by whom and in whose presence and signed by the person making it. Where the allegation relates to harmful sexual behaviours, if possible the disclosure should be managed with two members of staff present (preferably one of them being the DSL or their deputy).

Where there is a safeguarding concern, the School will ensure the student's wishes and feelings are taken into account when determining what action to take and what services to provide. This is particularly important in the context of harmful behaviours, such as sexual harassment and sexual violence. The School manages this by active consideration of the student's wishes. The key considerations will be recorded in the safeguarding log. The School operates its processes with the best interests of the student at their heart.

CONTEXTUAL SAFEGUARDING

Safeguarding incidents and/or behaviours can be associated with factors outside the School and can occur between children outside School. All staff, but especially the DSL and any deputies, should consider the context within which such incidents and/or behaviours occur. The School will as part of the wider assessment of children, consider whether environmental factors are present in a child's life that are a threat to their safety and/or welfare. The School will share as much information with Children's Social Care as possible as part of the referral process to enable consideration of all the available evidence and the full context of any abuse.

EARLY HELP

Any child may benefit from early help but all staff should be particularly alert to the potential need for early help for a child who:

- Is disabled and has specific additional needs
- Has special educational needs (whether or not they have a statutory education, health and care plan)
- Is a young carer
- Is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups
- Is frequently missing/goes missing from care or from home
- Is misusing drugs or alcohol themselves
- Is at risk of modern slavery, trafficking or exploitation
- Is in a family circumstance presenting challenges for the child, such as substance abuse, adult mental health problems or domestic abuse
- Has returned home to their family from care

ST BEES SCHOOL

WHERE WEST MEETS EAST

- Is showing early signs of abuse and/or neglect
- Is at risk of being radicalised or exploited
- Is a privately fostered child.

Early help means providing support as soon as a problem emerges at any point in a child's life, from the foundation years through to the teenage years.

In the first instance, staff who consider that a student may benefit from early help should discuss this with the School's DSL. The DSL will consider the appropriate action to take in accordance with the Safeguarding Children Board referral threshold document. The DSL will support staff in liaising with external agencies and professionals in an inter-agency assessment, as appropriate. If early help is appropriate, the matter will be kept under review and consideration given to a referral to children's social care if the student's situation does not appear to be improving.

What staff should do if they have concerns about a child

If staff (including board members, agency staff and volunteers) have any concerns about a child (as opposed to a child being in immediate danger), they should, where possible, speak with the School's DSL to agree a course of action, although staff can make a direct referral to children's social care. As set out above, staff should not assume that somebody else will take action and share information that might be critical in keeping children safe. If anyone other than the DSL makes a referral, they should inform the DSL as soon as possible that a referral has been made. If a child's situation does not appear to be improving, the DSL should press children's social care for reconsideration. Staff should challenge any inaction and follow this up with the DSL and children's social care as appropriate. All concerns, discussions and decisions made and the reasons for those decisions should be recorded in writing and submitted to the DSL.

What staff should do if a child is in danger or at risk of harm

If staff (including board members, agency staff and volunteers) believe that a child is in immediate danger or at risk of harm, they should make an immediate referral to children's social care and/or the Police. Anyone can make a referral. Any such referral must be made immediately and in any event within 24 hours (one working day) of staff being aware of the risk. Parental consent is not needed for referrals to statutory agencies such as the police and children's social care. If anyone other than the DSL makes a referral, they should inform the DSL as soon as possible that a referral has been made. Staff should challenge any inaction and follow this up with the DSL and children's social care as appropriate. All concerns, discussions and decisions made and the reasons for those decisions should be recorded in writing.

The School's three safeguarding partners (Cumbria Safeguarding Children Partnership) are Cumbria County Council, Cumbria Constabulary, NHS North Cumbria Clinical Commissioning

ST BEES SCHOOL

WHERE WEST MEETS EAST

Group and NHS Morecambe Bay Clinical Commissioning Group. A full copy of their local procedures can be found at <https://cumbrialscb.proceduresonline.com/>.

What staff should do if a child is seen as at risk of radicalisation

Staff should follow the School's normal referral processes when there are concerns about children who may be at risk of being drawn into terrorism, as set out above. This may include a referral to Channel or children's social care depending on the level of risk. However, if staff have concerns that there is an immediate/significant risk of a child being drawn into terrorism they must call 999 or submit a referral form to the Cumbria Safeguarding Hub or call them directly. Advice and support can also be sought from children's social care.

The School, in recognition that students may be at risk of being drawn into terrorism or other forms of extremism, carries out appropriate risk assessments (following consultation with local partners, such as the Police) of the potential risk in the local area. Such risk assessments are discussed with the DSL and Nominated Safeguarding Governor to ensure the School's safeguarding arrangements are sufficiently robust to help prevent and protect children from being drawn into terrorism and are regularly revised.

What staff should do if they discover an act of Female Genital Mutilation ('FGM')

Staff must report to the Police cases where they discover that an act of FGM appears to have been carried out. Unless the member of staff has a good reason not to, they should still consider and discuss any such case with DSL and involve children's social care as appropriate. Staff are referred to Appendix 1 of this policy for the procedure to be followed where they suspect that a student may be at risk of FGM.]

What staff should do if they have concerns that children are at risk or involved in serious violent crime

All staff should be aware of indicators which may signal that children are at risk from, or are involved with serious violent crime. These may include increased absence from School, a change in friendships or relationships with older individuals or groups, a significant decline in performance, signs of self-harm or a significant change in wellbeing, signs of assault or unexplained injuries.

If staff have any concerns about a child (as opposed to a child being in immediate danger), they should, where possible, speak with the School's DSL to agree a course of action, although staff can make a direct referral to children's social care.

What staff should do if a child goes missing from education

ST BEES SCHOOL

WHERE WEST MEETS EAST

Children who go missing from education, particularly on repeat occasions, is a potential indicator of abuse or neglect. The School's procedures for unauthorised absence and for dealing with children who go missing from education are listed in the Missing Student Policy to be used for searching for, and if necessary, reporting, any student missing from education. Further detail can also be found at Appendix 1 of this policy.

Where reasonably possible, the School will hold more than one emergency contact number for each student to provide the School with additional options to make contact with a responsible adult particularly when a child missing from education is also identified as a welfare and/or safeguarding concern.

The School will report to the Cumbria Safeguarding Hub a student who fails to attend school regularly or has been absent from school without the School's permission for a continuous period of 10 school days or more.

What should staff do if they have concerns about another member of staff

If staff have concerns about another staff member, then this should be referred to the Head. Where there are concerns about the Head, this should be referred to the Chair of the Board. In the event of allegations of abuse being made against the Head, staff are referred to the procedures below regarding managing allegations of abuse against staff (including volunteers) and refer the matter directly to the designated officer(s) at the Cumbria Safeguarding Hub. Staff may consider discussing any concerns with the School's Deputy DSL and make any referral via them.

What staff should do if they have concerns about safeguarding practices in the school

The School aims to ensure there is a culture of safety and raising concerns and an attitude of 'it could happen here'. Where staff have concerns about poor or unsafe practices and potential failures in the School's safeguarding systems, these should be raised in accordance with the School's whistleblowing procedures which can be found in the Whistleblowing Policy. There will be no disciplinary action taken against a member of staff for making such a report provided that it is done in good faith.

If staff and volunteers feel unable to raise an issue with the School or feel that their genuine concerns are not being addressed, they may use other whistleblowing channels, such as the NSPCC whistleblowing advice line. Contact details for the NSPCC helpline can be found on the Key Contacts page at the start of this policy.

ARRANGEMENTS FOR DEALING WITH PEER-ON-PEER ALLEGATIONS

ST BEES SCHOOL

WHERE WEST MEETS EAST

Peer-on-peer abuse is abuse by one or more students against another student. It can manifest itself in many ways and can include bullying (including cyber bullying), physical abuse, initiation/hazing violence and rituals, upskirting, sexting, sexual assault, gender-based issues and harmful sexual behaviours including sexual violence and sexual harassment. Abusive comments and interactions should never be passed off or dismissed as "banter" or "part of growing up". Nor will harmful sexual behaviours be dismissed as the same or "just having a laugh". The School recognises that a child is likely to disclose an allegation to someone they trust: this could be any member of staff. By making such a disclosure the student is likely to feel that the member of staff is in a position of trust.

The School recognises that children with special educational needs and disabilities can be more prone to peer on peer group isolation than other children and will consider extra pastoral support for those children.

The School recognises that children can be particularly vulnerable in residential settings and are alert to the potential for peer-on-peer abuse.

Any member of staff who has concerns regarding the behaviour of student(s) towards another then they must raise their concerns directly to the DSL. The DSL will lead discussions on what intervention is appropriate. Lower level concerns can be addressed through conversation and re-directing behaviour. The School may insist that a student is relocated while concerns are considered.

The School takes the following steps to minimise the risk of peer-on-peer abuse:

- By maintaining high expectations with regard to mutual respect
- By deploying staff to ensure that students are well supervised at all times
- By promoting the capacity of any student to raise concerns regarding the behaviour of others
- By training senior students to be aware of the risks and indicators of peer to peer abuse and how to raise concerns
- By promoting a strong safeguarding culture through regular staff training

Where an issue of student behaviour or bullying gives 'reasonable cause to suspect that a child is suffering, or is likely to suffer, significant harm', staff should follow the procedures below rather than the School's Anti-Bullying and Behaviour policies.

A student against whom an allegation of abuse has been made may be suspended from the School during the investigation. The School will take advice from its three safeguarding partners on the investigation of such allegations and will take all appropriate action to ensure the safety and welfare of all students involved including the alleged victim and perpetrator. If it is necessary for a student to be interviewed by the Police in relation to allegations of abuse,

ST BEES SCHOOL

WHERE WEST MEETS EAST

the School will ensure that, subject to the advice of the three safeguarding partners, parents are informed as soon as possible and that the students involved are supported during the interview by an appropriate adult and until the investigation is completed. Confidentiality will be an important consideration for the School and advice will be sought as necessary from the three safeguarding partners and/ or the Police as appropriate.

Police may be informed of any harmful sexual behaviours which are potentially criminal in nature, such as grabbing bottoms, breasts and genitalia. Rape, assault by penetration and sexual assaults will be passed to the police. If the DSL decides to make a referral to children's social care and/or a report to the police against a victim's wishes, the reasons should be explained to the student and appropriate specialist support offered. The School's approach to sexting is to ensure that all students sign a responsible use agreement and attend a cyber-safety workshop annually in which age appropriate guidance is provided. Students are encouraged to report concerns to their Houseparents and student forums consider online/cyber safety at least annually but more frequently if circumstances demand. Responsible citizenship is a regular theme in assemblies and chapel services. High standards of mutual respect and behaviour toward others in all domains is actively promoted by all staff.

In the event of disclosures about student-on-student abuse, all children involved (both victim and perpetrator) will be treated as being at risk, and safeguarding procedures in accordance with this policy will be followed. Victims will be supported by Houseparents and support from external agencies will be sought, as appropriate.

When there has been a report of sexual violence, the DSL will make an immediate risk and needs assessment. Where there has been a report of sexual harassment, the need for a risk assessment should be considered on a case-by-case basis. The risk and needs assessment should consider:

- the victim;
- the alleged perpetrator; and
- the other children (and, if appropriate, staff) at the School.

Risk assessments will be recorded and kept under review. In relation to a report of sexual violence or sexual harassment, the DSL will reassure any victim that they are being taken seriously and that they will be supported and kept safe. The victim will never be given the impression that they are creating a problem by reporting sexual violence or sexual harassment; nor would a victim ever be made to feel ashamed for making a report. The DSL will consider the risks posed to students and put adequate measures in place to protect them and keep them safe. This may include consideration of the proximity of the victim and alleged perpetrator and considerations regarding shared classes, sharing School premises and School transport.

ST BEES SCHOOL

WHERE WEST MEETS EAST

ARRANGEMENTS FOR DEALING WITH ALLEGATIONS OF ABUSE AGAINST TEACHERS AND OTHER STAFF (INCLUDING THE HEAD, GOVERNORS AND VOLUNTEERS)

The School's procedures for managing allegations against staff who are currently working in the School follows Department for Education statutory guidance and the three safeguarding partners' arrangements and applies when staff (including volunteers) have (or are alleged to have):

- Behaved in a way that has harmed a student, or may have harmed a student;
- Possibly committed a criminal offence against or related to a student; or
- Behaved towards a student in a way that indicated that they would pose a risk of harm if they were to work regularly or closely with children.

Allegations against a teacher who is no longer teaching should be referred to the Police. Historical (non-recent) allegations of abuse should also be referred to the Police and also the LADO.

If an allegation is made against anyone working with children in the School, the School should not undertake their own investigation of allegations without prior consultation with the Local Authority 'designated officer' or, in the most serious cases, the Police, so as not to jeopardise statutory investigations. In borderline cases, the School may discuss informally with the 'designated officer' on a no-names basis.

All allegations should be investigated as a priority to avoid any delay.

1. All allegations which appear to meet the above reporting criteria are to be reported straight away to the 'case manager' who is the Head. If an allegation is reported to the DDSL, they will keep the Head informed. Where the Head or DDSL is absent or is the subject of the allegation or concern, reports should be made to the Chair of the Board or the Nominated Safeguarding Governor. Where the Head or DSL is the subject of the allegation or concern, they must not be informed of the allegation prior to contact with the Chair of the Board and designated officer.
2. The case manager should immediately discuss the allegation with the designated officer and consider the nature, content and context of the allegation and agree a course of action including any involvement of the Police. (Where the case manager deems there to be an immediate risk to children or there is evidence of a possible criminal offence, the case manager may involve the Police immediately.) All discussions should be recorded in writing, and any communication with both the individual and the parents of the child (ren) agreed. The designated officer should be informed within one working

ST BEES SCHOOL

WHERE WEST MEETS EAST

day of all allegations that come to the School's attention and appear to meet the criteria or that are made directly to the Police and/or children's social care.

3. The case manager will ensure that the individual who is subject of the allegation is informed as soon as possible and given an explanation of the likely course or action, unless there is an objection by children's social care or the Police. The case manager will appoint a named representative to keep the individual informed of the progress of the case and will consider what other support is appropriate for the individual.
4. The case manager should give careful consideration as to whether the circumstances of the case warrant suspension or whether alternative arrangements should be put in place until the allegation is resolved. The case manager will give due weight to the views of the designated officer, WT and KCSIE when making a decision about suspension. Where the individual is suspended, the case manager will ensure they know who their point of contact is in the School and shall provide them with their contact details.
5. Where a member of boarding staff is suspended pending an investigation, the case manager will consider whether arrangements for alternative accommodation away from children should be made.
6. The case manager will ensure that parents are informed as soon as possible and kept informed about progress of the case, subject to any advice from children's social care or the Police.
7. The case manager will discuss with the designated officer whether a referral to the Disclosure and Barring Service or Teaching Regulation Agency should be made where an allegation is substantiated and the person is dismissed or the School ceases to use their services, or the person resigns or otherwise ceases to provide their services. The School has a legal obligation to report promptly to the Disclosure and Barring Service any person (whether employed, contracted, a volunteer or a student) who has harmed, or poses a risk of harm, to a child, or if there is reason to believe the member of staff has committed one of a number of listed offences, and who has been removed from working (paid or unpaid) in regulated activity, or would have been removed had they not left. Further, or in the alternative, if an investigation leads to the dismissal or resignation prior to dismissal of a member of teaching staff specifically, the School must consider making a referral to the Teaching Regulation Agency and a prohibition order may be appropriate (because that teacher has displayed unacceptable professional

ST BEES SCHOOL

WHERE WEST MEETS EAST

conduct, conduct that may bring the profession into disrepute or a conviction at any time for a relevant offence). The School has a legal obligation to report promptly to the Disclosure and Barring Service any person (whether employed, contracted, a volunteer or a student) who has harmed, or poses a risk of harm, to a child, or if there is reason to believe the member of staff has committed one of a number of listed offences, and who has been removed from working (paid or unpaid) in regulated activity, or would have been removed had they not left.

8. On conclusion of the case, the case manager should review the circumstances of the case with the designated officer to determine whether there are any improvements to be made to the School's safeguarding procedures or practices to help prevent similar events in the future.

The School will make every reasonable effort to maintain confidentiality and guard against unwanted publicity whilst an allegation is being investigated or considered.

Allegations found to be malicious will be removed from the individual's personnel records. In all other circumstances a written record will be made of the decision and retained on the individual's personnel file in accordance with KCSIE and a copy will only be provided to the individual concerned. Schools have an obligation to preserve records which contain information about allegations of sexual abuse for the duration of the inquiry in accordance with the guidelines of the Independent Inquiry into Child Sexual Abuse (IICSA)). All other records should be retained until the accused has reached pension age, or for a period of 10 years from the date of the allegation, whichever is longer.

Allegations proven to be false, unsubstantiated, unfounded or malicious will not be included in employer references. If an allegation is shown to be deliberately invented or malicious, the Head will consider whether any disciplinary action is appropriate against a student who made it; or whether the Police should be asked to consider if action might be appropriate against the person responsible even if they are not a student.

STAFF BEHAVIOUR POLICY/CODE OF CONDUCT

The School's Staff Code of Conduct can be found in the policy folder area. The aim of the Staff Code of Conduct is to provide clear guidance about behaviour and actions so as to not place students or staff at risk of harm or of allegation of harm to a student.

SAFER RECRUITMENT

The School is committed to safer recruitment processes. Members of the teaching and non-teaching staff at the School including part-time staff, temporary and supply staff, and visiting

ST BEES SCHOOL

WHERE WEST MEETS EAST

staff, such as musicians and sports coaches are subject to the necessary statutory child protection checks before starting work, for example, right to work checks, additional overseas checks (if necessary), verifying identity, taking up references, checking work history and confirming medical fitness for the role. For most appointments, an enhanced DBS check with 'barred list' information will be appropriate. A DBS certificate will be obtained from the candidate before or as soon as practicable after appointment. Alternatively, if the applicant has subscribed to it and gives permission, the School may undertake an online update check through the DBS Update Service.

Full details of the School's safer recruitment procedures for checking the suitability of staff, Board directors and volunteers to work with children and young people is set out in the School's Recruitment and Selection Policy.

The School's protocols for ensuring that any visiting speakers, whether invited by staff or students themselves, are suitable and appropriate supervised is set out in the School's Visiting Speaker Policy.

MANAGEMENT OF SAFEGUARDING

The DSL and DDSL's contact details can be found on the Key Contacts page at the start of this policy.

The DSL's role is to take lead responsibility for safeguarding and child protection matters in the School. The DSL's responsibility is to maintain an overview of safeguarding within the School, to open channels of communication with local statutory agencies, support staff in carrying out their safeguarding duties and to monitor the effectiveness of the School's policies and procedures in practice. The DSL works with the Board to review and update the School's safeguarding policy. Where a student leaves the School, the DSL will also ensure their child protection file is transferred to the new school (separately from the main student file) as soon as possible. The DSL will ensure secure transit and obtain confirmation of receipt.

The DSL regularly reviews the School's and their own practices and concerns about welfare and safeguarding matters. This includes the personal and professional duty of all staff to report welfare and safeguarding concerns to the DSL, or in the absence of action, directly to local children's services.

During term time, the DSL or DDSL will always be available for staff in the School to discuss any safeguarding concerns.

Full details of the DSL's role can be found at Annex B of KCSIE.

Whilst the Board directors are ultimately responsible for ensuring staff are competent, supported and regularly reviewed in relation to safeguarding, the ultimate lead responsibility

ST BEES SCHOOL

WHERE WEST MEETS EAST

for safeguarding and child protection remains with the DSL and this responsibility should not be delegated.

INDUCTION TRAINING

Induction and training are in line with advice from the three safeguarding partners.

All staff

All new staff will be provided with induction training that includes:

- All staff will complete the LSCB - Awareness of Safeguarding and Child Protection Level 1 (eLearning)
- the child protection policy
- role and identity of the DSL and DDSL
- the Staff Code of Conduct including the School's whistleblowing procedure and the acceptable use of technologies policy, staff/student relationships and communications including the use of social media
- the safeguarding response to children who go missing from education
- a copy of Part one of KCSIE
- School leaders and staff who work directly with children will also be required to read Annex A of KCSIE (and Part five of KCSIE).

Copies of the above documents are provided to all staff during induction.

Temporary staff and volunteers receive the above training and documents.

All staff are also required to:

- Read Part one of KCSIE and confirm that they have done so. Each time Part One of KCSIE is updated by the Department for Education, staff will be updated on the changes via email.
- Understand key information contained in Part One of KCSIE. The School will ensure staff understanding through annual briefings and oversight by line managers.
- Receive training in safeguarding and child protection regularly, in line with advice from the three safeguarding partners. Training will include online safety and harmful sexual behaviours (including peer-on-peer sexual violence and harassment). It will also include Prevent awareness training to equip staff to raise concerns appropriately by ensuring all staff have the knowledge and confidence to identify children at risk of being drawn into terrorism; are able to challenge extremist ideas; and know how to refer children and young people for further help.

ST BEES SCHOOL

WHERE WEST MEETS EAST

- Undertake regular informal updates, at least annually, to provide them with relevant skills and knowledge to safeguard children effectively. The School provides these via, for example, email and staff meetings.

DSL

The DSL receives updated child protection training at least every two years to provide them with the knowledge and skills required to carry out the role. This includes local inter-agency working protocols, participation in child protection case conferences, supporting children in need, identifying children at risk of radicalisation, record keeping and promoting a culture of listening to children, training in the three safeguarding partners' approach to Prevent duties and harmful sexual behaviours. Further details of the required training content for the DSL are set out in Annex B of KCSIE.

In addition to their formal training, the DSL's knowledge and skills are updated at least annually to keep up with any developments relevant to their role.

The DDSL is trained to the same level as the DSL.

OVERSIGHT OF SAFEGUARDING, INCLUDING ARRANGEMENTS FOR REVIEWING POLICIES AND PROCEDURES

The Board-level lead designated to take a lead in relation to responsibility for the safeguarding arrangements in the School is named at the start of this policy. They are a member of the Board.

A review of the School's child protection policies takes place at least annually, including an update and review of the effectiveness of procedures and their implementation. Policies and procedures are reviewed annually by the DSL and/or DDSL and are reviewed and accepted by the Board. The School draws on the expertise of staff, including the DSL(s), in shaping the School's safeguarding arrangements and policies.

If there has been a substantiated allegation against a member of staff, the School will work with the Local Authority designated officer to determine whether there are any improvements to be made to the School's procedures or practice to help prevent similar events in the future.

THE SCHOOL'S ARRANGEMENTS TO FULFIL OTHER SAFEGUARDING RESPONSIBILITIES

Teaching children how to keep safe

The Board ensures that all students are taught about safeguarding, including online, through the curriculum and PSE to help children to adjust their behaviours in order to reduce risks and

ST BEES SCHOOL

WHERE WEST MEETS EAST

build resilience, including to radicalisation. This includes teaching students about the safe use of electronic equipment and the internet and the risks posed by adults or young people, who use the internet and social media to bully, groom, abuse or radicalise other people, especially children, young people and vulnerable adults.

Internet safety is an integral part of the School's curriculum, embedded in PSHE and sex and relationships education (SRE).

The School has appropriate filters and monitoring systems in place to safeguard children from potentially harmful and inappropriate material online. The School's systems aim to reduce the risk of children being exposed to illegal, inappropriate and harmful materials online; reduce the risk of children being subjected to harmful online interaction with others; and help manage online behaviour that can increase a child's likelihood of, or causes, harm. Further detail of the School's approach to online safety can be found in the School's E-Safety Policy which also includes detail on the use of mobile technology in school (and accessing 3G, 4G and 5G technology on School premises) and the School's IT arrangements to ensure that children are safe from terrorist and extremist material when accessing the internet through the School's systems].

Looked after children

The board ensures that staff have the skills, knowledge and understanding necessary to keep safe any children on roll who are looked after by a local authority.

The DSL is the designated member of staff who has responsibility for their welfare and progress. The School ensures that the designated member of staff receives appropriate training in order to carry out their role.

Arrangements for visiting speakers

The School has clear protocols for ensuring that any visiting speakers are appropriately supervised and suitable. The School's responsibility to students is to ensure that they can critically assess the information they receive as to its value to themselves, and that the information is aligned to the ethos and values of the School and British values.

The School is required to undertake a risk assessment before agreeing to a Visiting Speaker being allowed to attend the School. This will take into account any vetting requirements considered appropriate in the circumstances, and may include a DBS check if relevant.

Visiting speakers will be expected to understand that, where appropriate, their session should actively promote the British values of democracy, the rule of law, individual liberty and mutual respect and tolerance of those with different faiths and beliefs and at no point undermine

ST BEES SCHOOL

WHERE WEST MEETS EAST

these. In some cases, the School may request a copy of the Visiting Speaker's presentation and/or footage in advance of the session being provided.

Visiting Speakers, whilst on the School site, will be supervised by a School employee. On attending the School, Visiting Speakers will be required to show original current identification documents including a photograph such as a passport or photo card driving licence. The School shall also keep a formal register of visiting speakers retained in line with its Data Protection Policy.

Staff are expected to exercise care in their management of one-to-one situations. Guidance is provided in the Staff Code of Professional Conduct which all staff are provided with on appointment and is reviewed as part of the induction process.

Use of mobile phones and cameras

The School's policy on the use of mobile phones and cameras in the setting can be found in the School's Acceptable Use Policy.

Staff are expected to exercise professional judgement when taking photographs on school or personal devices. It is accepted that there are times when a personal phone may be used to capture a significant moment. However, images should be transferred to school servers and not retained or shared through personal social media channels.

ST BEES SCHOOL

WHERE WEST MEETS EAST

APPENDIX 1 -SIGNS AND TYPES OF ABUSE

All school staff should be aware that abuse, neglect and safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases, multiple issues will overlap with one another.

Physical abuse: a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional abuse: the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Sexual abuse: involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. Sexual abuse also includes sexual violence and sexual harassment which can occur between two children of any sex. They can also occur through a group of children sexually assaulting or sexually harassing a single child or group of children. Sexual violence are sexual offences under the Sexual Offences Act 2003, such as rape, sexual assault and assault by penetration. Sexual harassment is 'unwanted conduct of a sexual nature' that can occur online and offline. Sexual harassment is likely to violate a child's dignity, and/or make them feel intimidated, degraded or humiliated and/or create a hostile, offensive or sexualised environment. Sexual harassment can include sexual comments, such as telling sexual stories, making lewd comments, making sexual remarks about clothes and appearance and calling someone sexualised names; sexual

ST BEES SCHOOL

WHERE WEST MEETS EAST

“jokes” or taunting; physical behaviour, such as deliberately brushing against someone, interfering with someone’s clothes and displaying pictures, photos or drawings of a sexual nature; and online sexual harassment, which might include non-consensual sharing of sexual images and videos and sharing sexual images and videos (both often referred to as sexting); inappropriate sexual comments on social media; exploitation; coercion and threats. Online sexual harassment may be standalone, or part of a wider pattern of sexual harassment and/or sexual violence.

Upskirting: is now a criminal offence and typically involves taking a picture under a person’s clothing without them knowing, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm.

Neglect: the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Serious violence: indicators which may signal that children are at risk from, or are involved with serious violent crime include increased absence from School, a change in friendships or relationships with older individuals or groups, a significant decline in performance, signs of self-harm or a significant change in wellbeing, or signs of assault or unexplained injuries. Unexplained gifts or new possessions could also indicate that children have been approached by, or are involved with, individuals associated with criminal networks or gangs. All staff should be aware of the associated risks and understand the measures in place to manage these.

Specific safeguarding issues: behaviours linked to drug taking, alcohol abuse, truancy and sexting put children in danger. Safeguarding issues can also manifest themselves via peer-on-peer abuse, such as bullying (including cyberbullying), gender-based violence/sexual assaults, sexting and upskirting. Safeguarding issues can also be linked to, for example, children missing education; child sexual exploitation; domestic violence; fabricated or induced illness; faith abuse; female genital mutilation; forced marriage; gangs and youth violence; gender-based violence / violence against women and girls; hate; mental health; preventing radicalisation; relationship abuse; sexting; and trafficking.

ST BEES SCHOOL

WHERE WEST MEETS EAST

Child Sexual Exploitation: is a form of sexual abuse where children are sexually exploited for money, power or status. It can involve violent, humiliating and degrading sexual assaults. In some cases, young people are persuaded or forced into exchanging sexual activity for money, drugs, gifts, affection or status. Consent cannot be given, even where a child may believe they are voluntarily engaging in sexual activity with the person who is exploiting them. Child sexual exploitation does not always involve physical contact and can happen online. A significant number of children who are victims of sexual exploitation go missing from home, care and education at some point. Some of the following signs may be indicators of sexual exploitation:

- Children who appear with unexplained gifts or new possessions;
- Children who associate with other young people involved in exploitation;
- Children who have older boyfriends or girlfriends;
- Children who suffer from sexually transmitted infections or become pregnant;
- Children who suffer from changes in emotional well-being;
- Children who misuse drugs and alcohol;
- Children who go missing for periods of time or regularly come home late; and
- Children who regularly miss school or education or do not take part in education.

Child criminal exploitation (county lines): Criminal exploitation of children is a geographically widespread form of harm that is a typical feature of county lines criminal activity: drug networks or gangs groom and exploit children and young people to carry drugs and money from urban areas to suburban and rural areas, market and seaside towns. Key to identifying potential involvement in county lines are missing episodes, when the victim may have been trafficked for the purpose of transporting drugs and a referral to the National Referral Mechanism should be considered. Like other forms of abuse and exploitation, county lines exploitation:

- can affect any child or young person (male or female) under the age of 18 years;
- can affect any vulnerable adult over the age of 18 years;
- can still be exploitation even if the activity appears consensual;
- can involve force and/or enticement-based methods of compliance and is often accompanied by violence or threats of violence;
- can be perpetrated by individuals or groups, males or females, and young people or adults; and
- is typified by some form of power imbalance in favour of those perpetrating the exploitation. Whilst age may be the most obvious, this power imbalance can also be due to a range of other factors including gender, cognitive ability, physical strength, status, and access to economic or other resources.

ST BEES SCHOOL

WHERE WEST MEETS EAST

So called 'Honour Based' violence: encompasses crimes which have been committed to protect or defend the honour of the family and/or the community, including Female Genital Mutilation (FGM), forced marriage, and practices such as breast ironing.

FGM comprises all procedures involving partial or total removal of the external female genitalia or other injury to the female genital organs. Guidance on the warning signs that FGM may be about to take place, or may have already taken place, can also be found on pages 38-41 of the Multi-agency statutory guidance on FGM. To give an example of indications that a girl has already been subjected to FGM:

- A student may have difficulty walking, sitting or standing and may even look uncomfortable.
- A student may have frequent urinary, menstrual or stomach problems or spend longer than normal in the bathroom due to difficulties urinating.
- There may be prolonged or repeated absences from school and/or noticeable behaviour changes (e.g. withdrawal or depression) on the student's return.
- A student is reluctant to undergo medical examination.

If staff have a concern that a student may be at risk of FGM, they should activate local safeguarding procedures, using existing national and local protocols for multi-agency liaison with Police and Children's Social Care. If in any doubt, staff should speak to the DSL.

There is a statutory duty on teachers to personally report to the Police where they **discover** (either through disclosure by the victim or visual evidence) that FGM appears to have been carried out on a girl under 18. Unless the teacher has a good reason not to, they should still consider and discuss any such case with the DSL and involve children's social care as appropriate. If the teacher is unsure whether this reporting duty applies, they should discuss their concerns with the DSL in accordance with this policy. Where a teacher suspects that a student is at risk (i.e. where the teacher does not discover that an act of FGM appears to have been carried out, either through disclosure by the victim or visual evidence) or it involves a student over 18, teachers should follow the School's local safeguarding procedures.

Forced marriage: Forcing a person into a marriage is a crime in England and Wales. A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats or any other form of coercion is used to cause a person to enter into a marriage. Threats can be physical or emotional and psychological. A lack of full and free consent can be where a person does not consent or where they cannot consent (if they have learning disabilities, for example). Nevertheless, some communities use religion and culture as a way to coerce a person into marriage. Schools and colleges can play an important role in safeguarding children from forced marriage. There are a range of potential indicators that a child may be at risk of forced marriage, details of which can be found on pages 13-14 of the

ST BEES SCHOOL

WHERE WEST MEETS EAST

Multi-agency guidelines: Handling cases of forced marriage. School staff can also contact the Forced Marriage Unit if they need advice or information: Contact: 020 7008 0151 or email fm@fco.gov.uk.

Radicalisation: Radicalisation refers to the process by which a person comes to support terrorism and forms of extremism. Extremism is vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs. It can also call for the death of members of the armed forces, whether in this country or overseas.

There is no single way of identifying an individual who is likely to be susceptible to an extremist ideology. It can happen in many different ways and settings. Specific background factors may contribute to vulnerability which are often combined with specific influences such as family, friends or online, and with specific needs for which an extremist or terrorist group may appear to provide an answer. The internet and the use of social media in particular have become major factors in the radicalisation of young people. As with other safeguarding risks, staff should be alert to changes in children's behaviour, which could indicate that they may be in need of help or protection. Staff should use their judgement in identifying children who might be at risk of radicalisation and act proportionately, which may include making a referral to the Channel programme.

Special Educational Needs and/or disabilities: Students with SEND may not outwardly show signs of abuse and/or may have difficulties in communication about abuse or neglect.

These can include:

- assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration;
- the potential for children with SEN and disabilities being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs; and
- communication barriers and difficulties in overcoming these barriers.

Staff will support such students in expressing any concerns they may have and will be particularly vigilant to any signs or indicators of abuse, discussing this with the DSL as appropriate.

Lesbian, gay, bi or trans (LGBT): Children who are LGBT can be targeted by their peers. In some cases, a student who is perceived by their peers to be LGBT (whether they are or not) can be just as vulnerable as children who identify as LGBT.

ST BEES SCHOOL

WHERE WEST MEETS EAST

Domestic abuse: Domestic abuse includes any incident or pattern of incidents of controlling, coercive, threatening behaviours, violence, or abuse between those aged 16 or over who are, or have been, intimate partners or family members regardless of gender or sexuality. The abuse can encompass, but is not limited to psychological, physical, sexual, financial and emotional.

Exposure to domestic abuse and/or violence can have serious, long lasting emotional and psychological impact on children. The School should be mindful that children can often blame themselves for the abuse or may have had to leave the family home as a result of the abuse. Domestic Abuse may lead to other safeguarding concerns, and should therefore be managed under this policy.

Homelessness: Being homeless, or at risk of homelessness presents a real risk to a child's welfare. The School should be aware of potential indicators of homelessness including: household debt, rent arrears, domestic abuse and anti-social behaviour, as well as a family being asked to leave a property. If staff are made aware, or suspect that a student may be at risk of homelessness they should talk to the DSL in the first instance. Whilst referrals to the Local Housing Authority should be progressed as appropriate, and in accordance with local procedures, this does not and should not replace a referral to the LADO where a child has been harmed or is at risk of harm, in accordance with this policy.

Children who go missing from school: A child going missing from school is a potential indicator of abuse or neglect. Staff must follow the School's procedures for dealing with children who go missing, particularly on repeat occasions. The School's procedure for dealing with children who go missing can be found in the School's Missing Children Policy. All unexplained absences will be followed up in accordance with this policy.

The School shall inform the local authority of any student who is going to be added to or deleted from the School's admission register at non-standard transition points in accordance with the requirements of the Education (Pupil Registration) (England) Regulations 2006 (as amended). This will assist the local authority to:

- fulfil its duty to identify children of compulsory school age who are missing from education; and
- follow up with any child who might be in danger of not receiving an education and who might be at risk of abuse, neglect or radicalisation.

School attendance registers are carefully monitored to identify any trends. The School will inform the local authority (and the local authority where the child is normally resident) of any student who fails to attend school regularly, or has been absent without the School's

ST BEES SCHOOL

WHERE WEST MEETS EAST

permission for a continuous period of 10 school days or more, at such intervals as are agreed between the School and the local authority.

Action should be taken in accordance with this policy if any absence of a student from the School gives rise to a concern about their welfare.

Children and the court system: Children are sometimes required to give evidence in criminal courts, either for crimes committed against them or for crimes they have witnessed. There are two age appropriate guides to support children 5-11 year olds and 12-17 year olds available on the gov.uk website.

The guides explain each step of the process and support and special measures that are available. There are diagrams illustrating the courtroom structure and the use of video links is explained.

Making child arrangements via the family courts following separation can be stressful and entrench conflict in families. This can be stressful for children. The Ministry of Justice has launched an online child arrangements information tool with clear and concise information on the dispute resolution service. The School may refer some parents and carers to this service where appropriate.

Children with family members in prison: Approximately 200,000 children in England and Wales have a parent sent to prison each year. These children are at risk of poor outcomes including poverty, stigma, isolation and poor mental health. NICCO provides information designed to support professionals working with offenders and their children, to help mitigate negative consequences for those children.
